

Caregiving support services

Personalized support to help with caring for a loved one or yourself

At Guardian, we understand that many employees also juggle caregiving responsibilities outside of work. That's why we've partnered with Wellthy to help provide complimentary caregiving support services as part of the benefits provided by your employer. Tailored to your needs, you'll have access to the support you need to help tackle any caregiving challenge you might face, while also being able to stay on top of your own physical, mental, and emotional wellness.

How caregiving support can help

Wellthy is for anyone who finds themselves managing care for a loved one (or themselves), in any capacity, big or small.

- **For aging parents or relatives:** Help with coordinating to-dos for daily needs like filling prescriptions and arranging transportation, moving a loved one into a assisted living facility and end-of-life preparations.
- **For children and teens:** Get support for things like vetting babysitters, evaluating nanny agencies, identifying counselors, and exploring alternative learning solutions like learning pods and tutors.
- **For you or someone you love:** Wellthy will design a care plan for situations including a new diagnosis, an ongoing health condition, a surgery, a sudden accident, routine care needs, and more.
- **For pets:** Navigate pet insurance options and get supporting care for aging pets or those with chronic conditions.
