**General Exclusions**

Important information about Guardian's Managed Dental Care Plans:

This plan provides dental benefits through a network of participating general dentists and specialty care dentists. All covered services must be provided by the member's Primary Care Dentist. Specialty care services are covered only when referred by the member's Primary Care Dentist and approved in advance by Managed Dental Care. Only those services listed in the plan are covered. Certain services are subject to annual or other periodic limitations. Where orthodontic benefits are specifically included, the plan provides for one course of comprehensive treatment per lifetime, per member. The Managed Dental Care plan does not provide orthodontic benefits if comprehensive orthodontic treatment or retention is in progress as of the member's effective date under the Managed Dental Care plan. The services, exclusions and limitations listed here do not constitute a contract and are a summary only. The Managed Dental Care plan documents are the final arbiter of coverage. GP-1-MDG1, et al. (Florida), GP-1MDC1, et al. (California), GP-1-MDG-TX1, et al. (Texas), GP-1-MDG-NY1, et al. (New York), GP-1-MDG-1-NJ, et al. (New Jersey)

 <sup>1</sup> Restrictions apply and may be subject to medical necessity.

This Benefit Summary is for illustrative purposes. Your benefits booklet will show exactly what is covered and/or excluded under your plan. If there is a discrepancy between this Benefit Summary and your benefit booklet, the benefit booklet prevails.

Definitions shown on this site are in summary form and are for general informational purposes. The terms of the insurance contract prevails.
